

Supplementary Regulations

Event: Un-Sealed Surface Autotest at Duxmore Farm on 16th July 2017.

1. Announcement

1.1 Isle of Wight Car Club will organise clubman permit Autotest from 08.30 on 16th July 2017 at Duxmore Farm, Downend, Isle of Wight. Map reference 554883 on OS Map 196.

2. Jurisdiction

2.1 The meeting will be held under the General Regulations of the Motor Sports Association (incorporating the provisions of the International Sporting Code of the FIA) and these Supplementary Regulations and Championship Regulations.

3. Authorisation

3.1 The event is open to all fully elected members of the organising club.

3.2 MSA Permit Number: 102635

3.3 All competitors must produce their club membership card at signing on.

4. Championship

4.1 This event is a Championship round of the Club Un-Sealed Surface Autotest series. Awards will be given to Classes as detailed in the Club's Championship Regulations for Autotests and Production Car Autotests.

5. Timetable

5.1 Signing on from 8.30am until 9.00am on the day of the event.

5.2 Scrutineering will commence at 8.30am.

5.3 Safety Briefing followed by a Track Walk will commence at 9.45am which all drivers must attend. Drivers entered but not showing for the 9.45am track walk will only be allowed to run after completing a lunchtime Safety Briefing and Track Walk and only under exceptional circumstances and by prior agreement of the Clerk of the Course and Membership Secretary at the event. In this case, runs will be limited to no more than half of those available to competitors who attended the 9.45am track walk.

5.4 First car away at 10.00am.

5.5 Event finishes at 5.00pm or earlier.

6. Description of Event

6.1 The course will be made available to competitors after the safety briefing and before the first run of the day. It will also be available on the whiteboard at Timing Control.

6.2 The event will consist of a minimum of 6 timed runs over an identical course.

6.3 Should time limits dictate, or due to unforeseen circumstances, it may be necessary to limit the number of runs of each competitor on the day.

6.4 Cars will be identified by driver number marked on rear offside window or nearby body panel and are those issued at the beginning of the club's competition year or when a member joins the club.

6.5 Practicing will not be permitted.

6.6 Crash helmets and seat belts must be worn whilst competing. The only exception in regard to seat belts is for unmodified production vehicles which left the factory without seat belts. However, it is recommended that seat belts be fitted; this will not result in the vehicle being considered modified, unless the nature of the modification is considered by the Clerk of the Course, taking advice as appropriate, to have provided an advantage.

6.7 The best time only is to count. In the event of just one run being possible, that time to count.

6.8 Competitors may start in any order but no competitor may undertake subsequent runs until all competitors, other than those marshalling, have completed the same number of runs. Those marshalling on the last run can undertake their last run prior to marshalling.

6.9 The start marshal will wave the competitor forward into the start position and then notify the competitor when they may start in their own time. This communication may be aided by a "lollipop" signal or a green "traffic light".

6.10 All runs will be from a standing start.

6.11 Timing will be via an automatic timing beam located in the start box. Timing will commence when the start beam is broken by the leading edge of the vehicle leaving the start box and will be stopped by the leading edge of the vehicle entering the finish box.

6.12 To avoid queue jumping, competitors must finish their run then leave the course to queue again unless directed otherwise by the Clerk of the Course or his/her nominee(s).

6.13 At least one run must be attempted to appear in the results. If a vehicle breaks down during the test, provided the driver was making an effort to attempt the test when the vehicle broke down, it shall be considered a wrong test.

6.14 If a car has broken down a competitor can fall behind the other competitors by no more than 2 runs and be able to subsequently make them up.

6.15 Break down. A vehicle, at the discretion of the Clerk of the Course, shall be considered to have broken down if, during a run, it became unsafe, deposited liquid likely to make driving more difficult for following drivers, produced excessive noise or fumes, or developed mechanical difficulties that could worsen if the run was not terminated. This list is not exhaustive.

6.16 A competitor will not be allowed to have a subsequent run until at least five other competitors have had runs, or where this is not possible, three minutes have elapsed.

6.17 A red flag shall be waved at a driver if, in the opinion of the Clerk of the Course or marshal, to continue could be unsafe, either for a driver, spectator(s) or loose animal, or likely to cause damage to the surface or other property, or was depositing liquid likely to make driving more difficult for following drivers, or if the vehicle was emitting excessive fumes or making excessive noise or for any other reason which is reasonable in the circumstances. Deliberate failure to stop in a quick and safe manner when a red flag is waived shall result in exclusion from the event and the results of the event. Such a failure to stop will be regarded as a serious breach of safety requirements and shall be reported to the committee for disciplinary action within the remit of club rules. The incident, at the discretion of the committee, may also be referred to the MSA.

6.18 MSA General Regulation M.4.2 is modified – Course Markers may be less than 1 metre high.

7. Classes

7.1 Vehicles will be classified as described in the Club's Championship Regulations for Autotests and Production Car Autotests.

7.2 Entries will be accepted for vehicles which are not taxed or currently registered as a private car.

8. Entries

8.1 Entries are to be made on the Entry Form, to be found on the Club website (www.iowcc.co.uk) and handed in at the venue, on the day of the event, to the Membership Secretary between 8.30am and 9.00am.

8.2 The entry fee is £12 per driver in advance or £14 on the day.

8.3. Entry fees can be paid in advance using Paypal on the Isle of Wight Car Club's website (www.iowcc.co.uk).

8.3 The maximum entry is 65 and the minimum is 3. Should the minimum not be reached the organisers have the right to cancel the event.

8.4 Pre-paid Entry fees can be refunded if notification is given to the Entries Secretary by 9.00am on the day of the event.

8.5 Two entries by different competitors will be allowed for the same vehicle. The MSA General Regulations (D.17.1) preclude more than two.
